

JANUARY 2016

The Port Lincoln Camera Club's first meeting for 2016 was on Tunarama Monday, so what better way to spend the practical component of our get together than by cruising down amongst the rides and sideshows at dusk, with trusty camera and tripod in hand.

We had no shortage of brightly lit spinning, turning, swinging and twirling rides which produced an array of interesting images and light patterns. Some of us regressed back to our childhood and dropped a few balls into clowns mouths or shot a few hoops to be rewarded with a variety of stuffed flowers, snakes and one eyed critters.

Members were reminded that entries in the Eyre Peninsula Camera Clubs Association photographic competition and picnic in Ceduna on the weekend of 9th – 10th April, need to be in by Thursday February 11th.

We then turned our attention to the results of our December competition which had been judged by an independent judge and returned to us. One of our newer members, Hamish Robertson did very well indeed. He was first (with "Shed") and third (with "Missing Iron") with the popular vote in the Set subject of "Abandoned Buildings" and also second with "Quadcopter" in the judges "Open".

Lesley Scarmam's "Ruins at Boston House" was second in the popular vote for the set subject and also received a merit for the same image from the judges. Other winners in this category were Tania Visic who was first with "Old and Forgotten", Judy Glendenning who came second with "Rooftop Garden" and Gordon Fowler whose "Deserted" placed third and "Unloved" received a merit.

In the Open section, the judges gave Tania Visic first with "Opera House at Sunrise" while Lesley Scarman's "Beautiful Plumage" was third and Judy Glendenning's "River Cruise Anyone?" earned a merit. With the club's Open section popular vote, Gordon Fowler's "Blue Breasted Fairy Wren" was placed first with Lesley Scarman's "Monitor Lizard" second and "Opera House at Sunrise" by Tania Visic third. Our Special Subject which was "The Photographer At Work" was won by Tania Visic.
